

Jose Palacios Beortegui

Computer Engineering Student — Junior AI, Data & Cloud

palaciosbeortegui@gmail.com · +41 762 276 752 · Davos, Switzerland · josepalacios.site · linkedin.com/in/jose-palacios-beortegui · github.com/jjpp01x

PROFILE

Business Management graduate (2025) currently completing a Computer Engineering degree, combining hands-on experience in supply chain and inventory operations with a growing technical portfolio in databases, software development and cloud. AWS certified (AI Practitioner & Cloud Practitioner). Based in Davos with daily professional use of German. Seeking junior opportunities in AI, Data & Tech.

TECHNICAL PROJECTS

Inventory Management System — Heierling GmbH

PostgreSQL 16 · Docker · Python · 2026

Full database design for a Swiss ski-boot manufacturer: E/R model, relational schema with functions, trigger, view and indexes; role-based permissions and operation auditing. Deployed with Docker Compose (PostgreSQL + Python 3.11/psycopg2). github.com/jjpp01x/heierling

Ski Ticketing System — dual implementation

C17 · Python · SQLite · 2025–2026

Ticketing application built twice — in C (~1,500 LOC) and Python — with SQLite persistence, admin/agent roles (RBAC), audit trail, soft-delete cancellations, CSV/JSON export and unit tests. github.com/jjpp01x/Ski-resort-ticketing-system

Personal portfolio website

HTML5 · CSS3 · JavaScript · 2026

Mobile-first, trilingual (ES/EN/DE) site built without frameworks; W3C-validated, hosted on GitHub Pages with custom domain. josepalacios.site · github.com/jjpp01x/portfolio
